Financial Policy and Consents

At Sunbury Chiropractic Center, Inc., our mission is "Relief First, Wellness Always." Our recommendations for care are based on a desire to see you get well and stay well with maintenance care. Chiropractic care is covered under many insurance plans, personal injury coverage, worker's compensation coverage, Medicare, and Medicaid. **All medical concerns are to be discussed with the doctor and all financial concerns are to be discussed with office staff.** We accept Visa, Mastercard, Discover, Care Credit, and will be happy to extend a payment plan. We require a payment every month for any balance on the account or future appointments may not be scheduled. If you feel you might qualify for our financial hardship policy, please notify office staff for an application. Should payment be refused by your bank for a check written, the office will charge a fee of \$15 to offset the charges we will incur. The privilege of insurance assignment begins when our office receives and verifies your insurance information. This service is a courtesy to you and is not a guarantee of coverage. We always recommend your participation in verifying your own chiropractic coverage, too. Your insurance policy is a relationship between you and your insurance provider. State law allows insurance carriers to retract or correct processing of claims for up to 2 years from the date of service. **All treatments considered maintenance are generally not covered benefits and could be the responsibility of the patient.**

LEGAL ASSIGNMENT OF BENEFITS AND RELEASE OF MEDICAL AND PLAN DOCUMENTS

In considering the amount of medical expenses to be incurred, I, the undersigned, have insurance health care benefits and hereby assign at clinic's request, and pay directly to Sunbury Chiropractic Center, Inc. all medical benefits and/or insurance reimbursement, if any, otherwise payable to me for services rendered from such doctor and clinic. I understand that I am financially responsible for all charges regardless of any applicable insurance or benefit payments. I hereby authorize the doctor to release all medical information necessary to process this claim. I hereby authorize any plan administrator or fiduciary, insurer and my attorney to release to such doctor and clinic any and all plan documents, insurance policy and/or settlement information upon written request from such doctor and clinic in order to claim such medical benefits, reimbursement or any applicable remedies. I authorize the use of this signature on all my insurance and/or health benefits claim submissions. If I do not have insurance, I will pay at the time services are rendered.

Further, in response to any reasonable request for cooperation, I agree to cooperate with such doctor and clinic in any attempts by such doctor and clinic to pursue such claim, chose in action or right against my insurers and/or employee health care plan, including, if necessary, bring suit or appeals with such doctor and clinic against such insurers and/or employee health care plan in my name but at such doctor and clinic's expenses.

This assignment will remain in effect until revoked by me in writing. A photocopy of this assignment is to be considered as valid as the original. I have read and fully understand this agreement.

CONSENT TO TREAT

A patient gives the doctor permission and authority to care for them in accordance with the chiropractic tests, diagnosis, and analysis. The chiropractic adjustment or other clinical procedures are usually beneficial and seldom cause any problems. In rare cases, underlying physical defects, deformities or pathologies may render the patient susceptible to injury. The doctor, of course, will not give any treatment or care if he/she is aware that such care may be contra-indicated. I understand I can refuse any service in the office. If declined, the doctor will advise an alternative to treatment for the safety of my condition. Again, it is the responsibility of the patient to make it known, or to learn through healthcare procedures what he/she is suffering from: latent pathological defects, illnesses, deformities, use of recreational drugs/alcohol or use of CBD oil which would otherwise not come to the attention of the chiropractic physician. The chiropractic doctor provides a specialized, non-duplicating health care service. If during the course of care, non-chiropractic or unusual findings are encountered, the doctor will advise the patient of those findings and recommend that service be sought by another health care provider. Chiropractic care may or may not improve a condition. The patient will always be made aware of alternatives to chiropractic treatment.

I understand that if I am accepted as a patient by a physician at Sunbury Chiropractic Center, Inc., I am authorizing them to proceed with any treatment that they deem necessary. Furthermore, any risk involved, regarding chiropractic treatment, will be explained to me upon my request or new diagnosis. With signature, I consent to the examination, diagnostic x-rays, chiropractic adjustment and any ancillary procedures such as physiotherapy and/or rehabilitative procedures.

I have read and fully understand the CONSENTS ON THIS PAGE.
